

**We are conducting a study examining the potential
of the brain to learn and make decisions**

Participation includes:

- Two visits to UCLA (1.5 - 2 hours each) that will consist of:
 - Playing computer games while having your brain scanned in an MRI scanner
 - Completing questionnaires
 - Providing a saliva sample
- Completing a brief checklist at home each night for a one-week period in between visits

Participants will receive:

- Up to a total of \$110:
 - \$50 for participating
 - Up to \$60 more depending upon the game results
- A picture of their brain
- Two free movie tickets

Participants must be 9/10, 14/15, or 19/20 years old
