

Please join us for the

Franklin Elementary School Walk Audit

We need your input!

How can we make it safer for our kids to walk and bike to school?

As part of the Safe Routes to School Program, we are hosting a “walking and biking audit” to take a look at streets near our school. We need your help identifying:

- Good routes for walking and biking
- Hazards for children who walk and bike to school, such as:
 - Missing or cracked sidewalks
 - Speeding cars
 - Unsafe crossings
 - Vegetation growing over sidewalks
 - Missing bike parking
 - ...and more

We will meet to observe student loading, walk around the school and neighborhood, and markup large maps with City and School staff to assess school commute conditions. Information gathered during this meeting will help develop recommended engineering and program improvements with the goal to improve walking and bicycling conditions for students around the school.

When: Tuesday, June 6th, 2017, from 7:50 am-9:20 am

Where: Front Entrance, 2400 Montana Ave, Santa Monica, CA 90403
