

THE BOLT

DARE Graduation!
The 5th graders took part in the DARE program taught by our very own SMPD. This program is designed to help students make solid and appropriate decisions in their lives. Our students loved the experience!

Your teachers are life-long learners! During our professional development, we are working together to discuss best practices and student work. These dedicated individuals never stop thinking and learning to benefit their students. So proud of them!

Last week, we welcomed Danielle Matthew (Franklin alum), a licensed Marriage & Family Therapist who has spent her life educating others about the bullying epidemic. She shared information about how to deal with bullying. This was presented by the Special Ed PTA group. Thank you to the Benun Family for helping to make this happen!

FRANKLIN SPIRIT WEEK STARTS MONDAY!

This week, Student Committee is asking that ALL students and parents wear Franklin gear Monday through Friday. You can wear Franklin sweatshirts, t-shirts, sweatpants, hats or any other gear you possess. Remember to wear your "I am a Franklin Friend" shirt on Wednesday. Wear your blue shirt, featured above, on Friday!

Women's Action Club (W.A.C.)

A group of 5th grade students went to the book fair in December. What they saw inspired them to begin the Women's Action Club. First they saw a book called Greatest Women Soccer Players of All Time. Then they saw a book called Greatest Soccer Players of All Time which, included no women. This spurred these students into action and the W.A.C. was born. Thank you to Mr. Gonzalez for being the support behind the club open to 5th grade students who want to take action.

Science is underway for grades 4th and 5th. There are opportunities to volunteer in the lab if you would like. Please see the PTA eblast.
